Creating WebPage	33% (HTML & CSS)	33% (Bootstrap)	33%(CSS & upload to website)
Final Presentation	33%	33%	33%

## **Future Items:**

- Once Donald Trump completes his first 100 days in office (April 29th, 2017), we will add his statistics to our visualization.
- If we had more time, we would have loved to add a sort functionality for the final heatmap visualization, which could allow users to better identify the US presidents that made the most impact.
